MODERN STEEL™

collection

Modern Steel™ Collection garage doors perfectly complement contemporary and mid-century modern home styles. Doors are available with or without grooves in multiple paint and Ultra-Grain® finishes to create the perfect look for your home.

intellcore®
insulation technology

Warmer. Quieter. Stronger.

Garage doors featuring Intellicore® insulation technology represent the ultimate smart choice for homeowners. Clopay's Intellicore is a proprietary polyurethane foam that is injected into our Modern Steel™ Collection doors, expanding to fill the entire structure. The result is a door with incredible strength and durability. Its dense insulation also produces a quieter door, and with one of the industry's leading R-values of 18.4, it provides year-round comfort and improved energy efficiency.

CUSTOM PAINT OPTION

Color Blast™ offers more than 1,500 Sherwin-Williams® color options to complement your home. Clopay's durable factory finish has been thoroughly tested and is backed by a five-year warranty.

COLORS

- Exterior steel on standard color flush doors has a natural woodgrain texture. Grooved doors have a stucco texture.
- Doors can be painted to match the home's exterior using a high-quality latex exterior paint. Do not use oil-based paint.

**Popular in select markets, Glacier White is a brighter white.
 ¹Not available on 2-Layer or 1-Layer Models.
 ²Not available on 4132, 4051, 2-Layer or 1-Layer Models.
 ³Not available on 4051, 2-Layer or 1-Layer Models.
